

Student Body Diversity

Statement on Diversity

Computer Systems Institute is committed to serving a diverse multicultural body of students in an atmosphere that promotes pride, respect, and teamwork.

In order to offer quality, career-focused programs that meet the diverse needs of different communities and different people, we will provide a learning climate that recognizes the richness of diverse thinking, the value of alternative perspectives, and the importance of respect for oneself and others.

To our students, from diverse backgrounds and with differing career choices, we commit to addressing your individual needs. We will strive to provide you with access to career-focused high quality programs designed to enhance job opportunities and provide skill force to the community.

To our campuses and their community, we commit to recruit an experienced and qualified faculty and staff who are reflective of the infinitely varied human talent available. We recognize the unique nature of our campus community, particularly their workforce needs, and our connection to this community through Computer Systems Institute employment opportunities and student enrollment.
