

BUSINESS CAREER PROGRAM– DIGITAL MULTIMEDIA CONCENTRATION

The Digital Multimedia Concentration of the Business Career Program places a strong emphasis on graphic design, webpage design, cascading style sheets (CSS), image processing, web content creation, search engine optimization (SEO) and social media optimization (SMO). By focusing on digital multimedia, students will learn the hands-on skills required to build and promote websites. Additionally, students will acquire the business skills necessary to grow and promote products and services effectively on and off line.
